Hi folk

We at Australian Opal Mines has maintained our tradition of selling high quality opals at wholesale prices for over 30 years now. Even during the GFC the demand for our quality opals continues to hold strong.

Each week we put together a bundle of precious items in our Offers to show you from the greatest range of opals Australia has to offer. We stock rough material, cut stones, opalised fossils, chips, specimens, jewellery, beads and carvings from every Australian opal field. Should you wish to see any photographs of new and recent stock for any/all of these categories please don't hesitate to ask and we shall send some to you. Our stock is so large and turnover so quick many of these photos never get the chance to appear on our site, besides we would love to have a chat with you too.

We trust you enjoy our Offer today.

Regards

Heather
