Subject: Bracelets & Beads OFFER 5 Jul 2011

Hi Folk

Heather has taken considerable time to put this offer together for you and it might seem very strange but the ladies in our family probably go for the Lightning Ridge freeforms at \$135, \$150 and \$175 before anything else other than the beautiful Lightning Ridge Black & Crystal for \$5,450. Our ladies have first look at most things and they really go for these Lightning Ridge freeform blacks and whites, they are beautiful.

For the first time we have some Andamooka Quartz Opal Quarter Pendants and Penny Earrings. These have been cut out of quartz that is impregnated with opal. We have a small drill hole in the top of them and it doesn't take much at all to set up a pendant and matching earrings for very little money.

There is a strand of beads that have been assembled ready to wear by one of my daughters. It is a Lightning Ridge freeform and Lambina round necklace is 20" long, only \$560 it is a beautiful thing.

I have this Offer spread out on a big table and my wife is falling over it to see what she likes, she has gone for the Lightning Ridge freeform "Classy" 171cts Black & White for only \$150. You could buy one of the black strands round or rondel, the rounds are only \$110, the rondels \$125 or you could take one of the 4mm round white strands at \$90 each and put those beads in between the freeform to make them longer and very beautiful or if you wanted something larger there are the Lightning Ridge 8mm rounds 150cts only \$125 for a whole strand.

There is quite a mixture here. Don't miss the Lightning Ridge bracelet 66cts for only \$350 it's gorgeous.

There are three lots of Chrysoprase in here, all lovely, all very reasonably priced. The huge 478ct 15mm strand for \$315 is one hell of a deal. It's only \$1.50/ct which is amazing.

We hope there is something here for you and we hope you are the first one in because as usual it's first in best dressed.

Kind regards

Murray
