Subject: Carvings OFFER 9 Aug 2010

Hi folk

Today we send you some of our most recent carvings. The "black cat" IMG_2257 \$435 won't be repeated, the rough is just too expensive to have carved.

The two lady cameos IMG_2263 \$837 & IMG_2277 \$957 are out of this world and are carved from the most expensive rough that we have ever used for carvings.

There is a brilliant dog laying for only IMG_2312-5 \$298, any animal lover will love this but an opal lover will have to go for it. You can't see it but there is just a beautiful little black opal in the dog's left foreleg around his elbow, even the back of the dog has some lovely colour. At less than \$6/ct you'll never buy opal like this let alone have it carved. I really like it.

We have never carved an opal foot IMG_3833 \$145 before, this one is crystal, most unusual. It is drilled with a hole through the top from side to side so you can hang it on a wire and there won't be anyone within a 500 mile radius with a carved opal foot around their neck. That should be a great talking point.

We look forward to hearing from you.

Regards

Murray

PS if you have anything at all as a specialty that you would like carved either in really inexpensive opal or expensive opal let us know and we will consider carving it for you? MW
