Subject: Further Painted Ladies to our Birthday OFFER 27 May 2010

Hi Everyone

Further Painted Ladies to our Birthday Offer. Heather was so efficient yesterday she sent off just over half of what I intended you looking at under this Birthday Offer. My apologies. Now we have sold some of those already but many of these I'm sure will be quite sought after because whilst they are not as large pieces the faces on them are very bright. For instance the \$65 Gem Blob thick in the corner is a very beautiful piece that can be cut out with the rock on the back to make a most handsome ring or in particular a man's ring because it's nice and big. It is approximately 18mm x 13mm in the rough and would be good enough for any opal dealer to wear. Don't be fooled because this stone is only \$65, it's a beauty.

For those of you who like blue green the \$72 lady with gem blue greens is magnificent. You could easily cut a pair of earrings or a pair of cufflinks from this lady, she is very even and most beautiful. We trust she will not melt away in the night.

By far the best of this lot is the \$145 stone. The colour bar is at least 30mm x 70mm and still there is more. Cleaned up this piece would be worth a minimum of \$475. There is a little bit of red on the face that Heather couldn't catch in the photo because of the ironstone that is covering the opal. You'll have a lot of pleasure cleaning this one up as ore and more opal is exposed.

Now don't be disappointed, jump in and get the one/s you want.

Regards

Murray
