Folk

We sold the eight stones we offered yesterday and so as not to disappoint you we have another eight stones here, again half price.

That should encourage you to purchase and stimulate the economy.

There are stones in here for less than \$100 which is really unbelievable.

I absolutely love the Mintubi Black Gem it was priced at \$1,387 and is yours for only \$693 it is 29mm x 11mm which is very large. It will make a great pendant or you could even set it up as a lovely ring. My wife wears rings much larger than this one. At 9.25cts it is quite thick and strong, I really recommend this one.

I love the little \$31.80 stone, it's dinky, it's lovely and it would suit a young lady. Who knows it could be your granddaughter's first opal.

Good luck with your purchases but be quick.

Regards

Murray
