Subject: Oh so popular Round Bead OFFER 18 Mar 2010

Hi folk

This week we have selected some oh so popular round blue green strands to show you.

We have many many exquisite strands of opal beads, most of which never appear on our site. They usually sell very very quickly but often we have another similar strand or two which were cut from the same parcel of rough material. So please don't be disheartened if you see SOLD marked against a strand as we may have something you will love just as equally.

We look forward to hearing from you with your order.

Thank you for shopping with us.

Regards

Heather
