Subject: "OPAL DRESSED IN BLACK" OFFER 16 Sep 2011

Our Offer today is of two very special 'Opal Dressed in Black Beads'. These are the Rolls Royce of opal beads, see the description below.

"OPAL DRESSED IN BLACK"

'Opal Dressed In Black' is a new, stunning and exquisite range of Opal Bead Jewellery with a difference. Each piece of jewellery is handcrafted to be of Heirloom quality, created to be passed down from generation to generation.

To create one of these unique pieces, Gem Opal is deeply inlaid into premium quality jet black glass and sculpted into a highly polished & stunning item of opal bead jewellery.

Meticulous attention to detail in the step by step creation of each piece guarantees full clarity and vibrant play of the opal colours to remain unchanged with the passage of time."

I send you now a picture of the best strands we have and two individual beads.

The eight Classic Opal Ceramic beads are less than \$100 each average. I don't think we can get any more of these made because it's very difficult for the guy and he is finding it hard to get opal that is brilliant enough.

Regards

Murray
